SUMMARY

As a front-end developer with skills in HTML, CSS, JavaScript, React and more, I aim to provide an easier experience for the user and to focus on his problems firstly, rather than on the technical ones. Willing to continuously gather new skills and expand my actual ones, I do everything to stay up-to-date with the latest technologies of the mad, but beautiful, front-end development world.

WORK EXPERIENCE

- **JUNIOR WEB DESIGNER**

  Easitill | Oct 2017 - Present

  Northampton, United Kingdom

  My responsibilities include the designing, prototyping and development of e-commerce and brochure websites as well as improving brand identity, SEO and performance.

PROJECTS

- **WORDPRESS DEVELOPER**

  Home Start Northampton | Jan 17 - Feb 18
  Working in a team of four, the WordPress CMS was used to develop a website that reflects and promotes the voluntary support the charity is offering.
  The website can be accessed at:
  http://www.homestart-northampton.org.uk/
